ExpoElectronica, the premier international exhibition dedicated to the electronics industry

As the largest event of its kind in Russia and the CIS region, ExpoElectronica is your ultimate destination for discovering cutting-edge technologies and innovative solutions that are shaping the future of electronics.

With a diverse range of exhibits covering electronic components, PCBs, semiconductors, sensors, embedded systems, manufacturing materials and equipment, and turnkey solutions, ExpoElectronica is the heartbeat of electronic innovation.

Whether you're looking to expand your market reach, network with key players, or be a frontrunner in the industry, ExpoElectronica is the place to be.

22,000+
Attendees

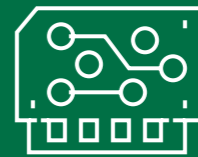

750+
Exhibitors

150+
Speakers

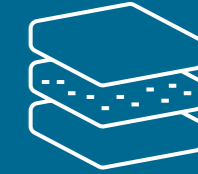

30,000+
SQM

Product sectors on display

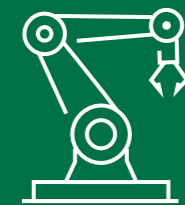

Electronic components, modules and subsystems

Technology, equipment and materials for electronic manufacturing

Embedded systems

Robotics

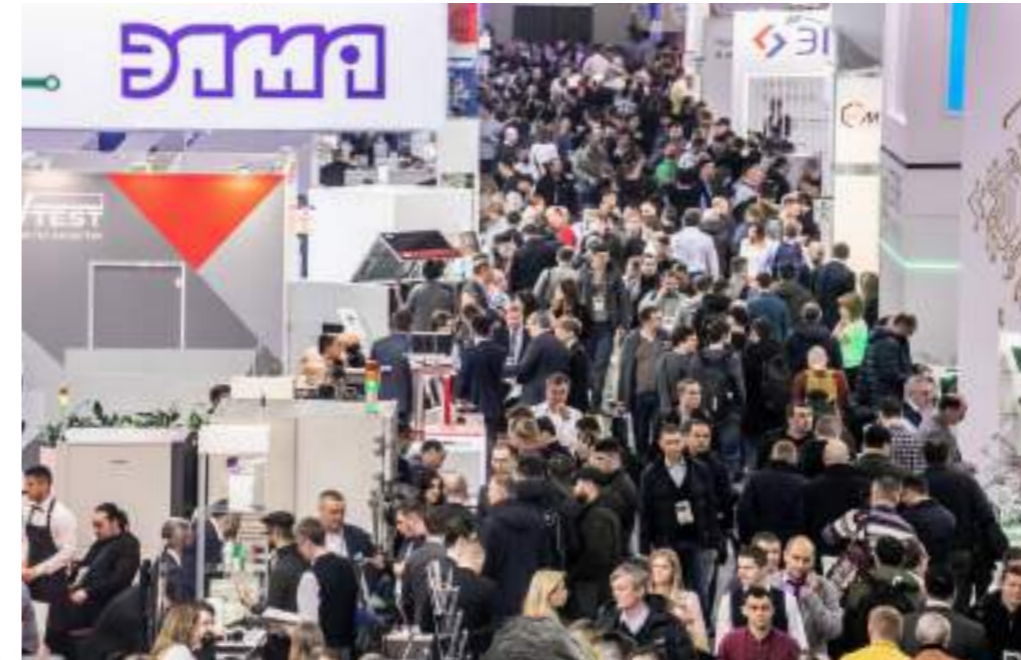

IT & digital solutions

The exhibition hosts manufacturers and equipment suppliers for electronic end users across various industries including

“We are pleased with our participation in the exhibition and plan to participate next year”

Maxim Afanasiev Managing Director,
PLANARPROJECT

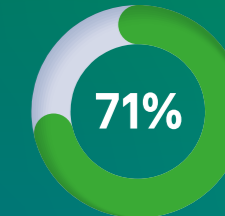

70%
of visitors attend ExpoElectronica to source new suppliers

Increase your sales volume by meeting future customers at ExpoElectronica 2025

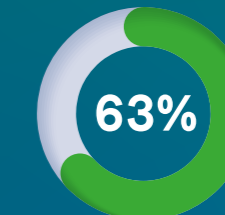

Visitor statistics

Plan the purchase of products based on the results of the exhibition

Visit only ExpoElectronica among exhibitions of similar topics

Met with existing clients and partners

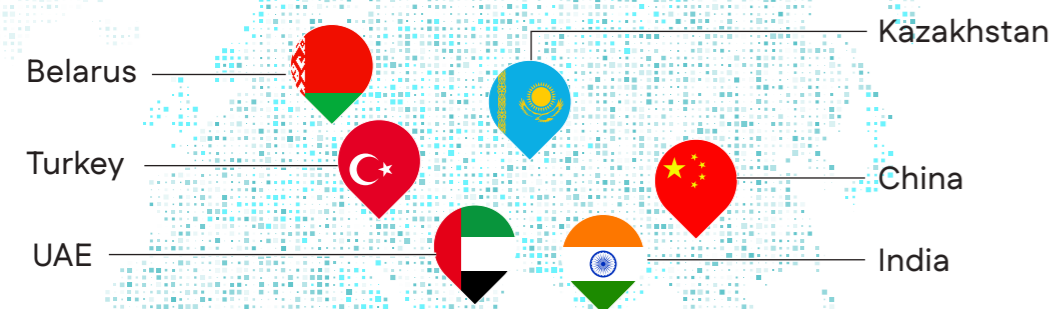

Visit the exhibition to meet experts and receive consultations

Participating in ExpoElectronica guarantees an opportunity to expand your sales through exports

Where do our visitors come from?

77 regions of Russia and 22 countries of the World including:

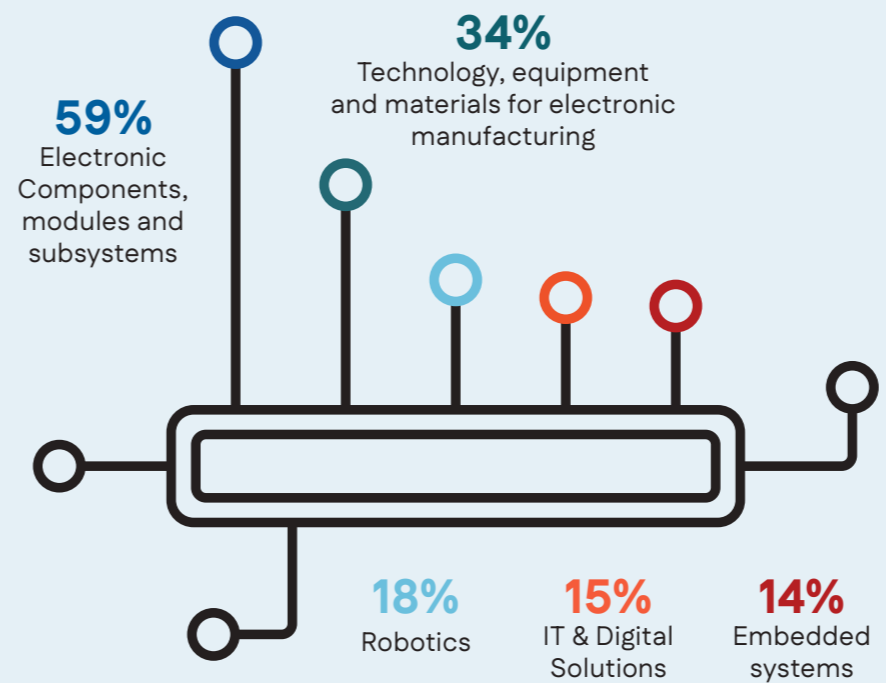

and many others

84%
 plan on attending ExpoElectronica 2025

Visitors product interest

“ExpoElectronica means new acquaintances, new corporate connects and strengthening your position in the market.”

Danil Efremov, Director
 CHIPCRAFT

Industry Landscape

\$26.3

billion market value for radio-electronics in Russia

\$47.44

million market value of industrial robotics in Russia

Contract development and ODM companies saw revenue grow up to 2.5 times in 2023. Contract electronics manufacturing (EMS) rose 42%.

Co-located with ExpoElectronica, ExpoCifra is a premier international exhibition for IT and digital solutions in Russia and the CIS countries. ExpoCifra provides a unique platform bringing together cutting-edge high-tech ready-made electronic solutions in digitalization, automation, and IT, offering attendees unparalleled insight into the latest advancements, opportunities to network with industry leaders, and the potential to forge significant business partnerships.

46,000+

database of relevant visitors

3,282+

visitors interested in IT solutions

100+

participants from Russia, China, and other countries

ELECTRONICA AWARD

The ELECTRONICA Award is an esteemed annual event dedicated to celebrating and promoting the remarkable achievements of Russian electronics industry companies. This prestigious award recognizes excellence and innovation across various sectors within the industry, offering both expert and public acknowledgment of outstanding contributions.

Through the ELECTRONICA Award, we celebrate those who push the boundaries of technology, drive industry advancements, and contribute significantly to the growth and development of the Russian electronics sector. Join us in acknowledging the pioneers and visionaries who are shaping the future of electronics.

chose ExpoElectronica as the exhibition to attend within the electronics manufacturing industry

Why exhibit at ExpoElectronica?

Access Russia's booming market

Step into a thriving market and expand your reach within the Russian and CIS countries' electronic manufacturing and end to end solution industry.

Engage with your target audience

Establish a strong relationship with buyers looking for new suppliers within the electronic manufacturing and end to end solution industry.

Showcase your innovations

Directly present your products to a target audience in unique interactive formats.

Gain valuable industry insights

Acquire essential information about customer needs and leverage this data to enhance your competitive edge.
